

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. It is time to halt added expenses for the consumer. At every turn more and more of my income goes for some sort of tax. I urge you to work at keeping the rates low for all telephone services, cell phones, prepaid phone cards, residential service, commercial, etc. Enough is enough.

Sincerely,

Vicki Green Brownwood, TX 76801
